CLASS FEATURES

Telepathic Speech

You can telepathically communicate with any creatures within distance of your Mind Spike ability if they share a language with you and you know of each other. When you communicate with someone this way, they can respond telepathically.

Scan

You can extend your psionic senses beyond their usual range. Once on each of your turns, you can search for hidden creatures as a free maneuver. Additionally, once you establish line of effect to a thinking creature within distance of your Mind Spike ability, you always have line of effect to that creature until they move beyond that distance.

1 Ease their Fall

INCITING INCIDENT

Simply Survival

Stealing was a matter of survival for you and not what defined you - at least in your mind. But when your thieving actions lead to innocent folk being harmed, you knew you could be better. You turned your back on your old life, though your old skills come in handy.

COMPLICATION

Highly Flammable

DESCRIPTION

Fire can burn your dry bones, but no flame burns hotter than the rage within you. When you take fire damage, you catch on fire. You remain on fire for 1 minute or until you or another creature spends a maneuver to extinguish you. You take no extra damage from being on fire in this way. While you are on fire, you gain the following effects: * At the start of each of your turns you gain temporary Stamina equal to 5 + your level. * A creature takes 5 damage when it damages you with a melee Strike. * You shed light for 5 squares and you can't sneak or hide.

ANCESTRY TRAITS AND PERKS

Tough But Withered

When your Stamina reaches the negative of your winded value, you become inert instead of dying. You fall prone and can't stand. You continue to observe your surroundings, but you can't speak, take main actions, maneuvers, move actions, or triggered actions. While inert this way, if you take any fire damage, your body is destroyed and you die. Otherwise, after 12 hours, you regain Stamina equal to your recovery value.

Forgettable Face

If you spend 10 minutes or less interacting with a creature who hasn't met you before, you can cause them to forget your face when you part. If asked to describe you, the creature gives only a vague, blank, and unhelpful description. Additionally, if you spend 1 hour or more assembling a disguise, you automatically obtain a tier 2 outcome on any test that could make use of the Disguise skill. If you have the Disguise skill, you automatically obtain a tier 3 outcome on the test.

Vengeance Mark

As a maneuver, you place a magic sigil on a creature within 10 squares of you. When you place a sigil, you can decide where it appears on the creature's body, and whether the sigil is visible to only you or to all creatures.

You always know the direction to the exact location of a creature who bears one of your sigils and is on the same world. You can have an active number of sigils equal to your level, and can remove a sigil from a creature at will (no action required). If you already have the maximum number of sigils activated and you place a new one, your oldest sigil disappears with no other effect.

✗ Invisible Force

Maneuver

You manipulate a tiny object with your mind.

✗ Detonate Sigil

Main Action

A magic sigil you placed on a creature explodes with energy.

SIGNATURE ABILITY

OPTIC BLAST

Your eyes emit rays of powerful enervating force.

Metamorphosis, Psionic, Ranged, **Main Action**
Strike

🗡 Ranged 10 🕒 One creature or object

Power Roll + 2

≤11 5 damage; M<0 prone

12-16 7 damage; M<1 prone

17+ 9 damage; M<2 prone

Effect:

When targeting an object with a solid reflective surface or a creature carrying or wearing such an object (such as a mirror, an unpainted metal shield, or shiny metal plate armor), you can target one additional creature or object within 3 squares of the first target.

Strained:

You gain 1 surge that you can use immediately, and you take damage equal to your Reason score that can't be reduced in any way.

SIGNATURE ABILITY

SPIRIT SWORD

You form a blade of mind energy and stab your target, invigorating yourself.

Animapathy, Melee, Psionic, Strike **Main Action**

🗡 Melee 2 🕒 One creature or object

Power Roll + 2

≤11 6 damage

12-16 9 damage

17+ 12 damage

Effect:

You gain 1 surge.

Strained:

The target takes an extra 3 damage. You also take 3 damage that can't be reduced in any way.

MAIN ACTION

MIND SPIKE

A telepathic bolt instantly zaps a creature's brain.

Psionic, Ranged, Strike, Telepathy **Main Action**

🗡 Ranged 10 🕒 One creature
can be used as a ranged free strike

Power Roll + 2

≤11 5 psychic damage

12-16 7 psychic damage

17+ 9 psychic damage

COST

You blast their soul out of their body, leaving it to helplessly float back to a weakened husk.

Animapathy, Psionic, Ranged, Strike **Main Action**

🗡 Ranged 10 🕒 One creature

Power Roll + 2

≤11 9 damage; P<0 dazed (save ends)

12-16 13 damage; P<1 dazed (save ends)

17+ 17 damage; P<2 dazed (save ends)

Effect:

The target takes a bane on Presence tests until the end of the encounter.

Strained:

The potency of this ability increases by 1. You take 2d6 damage and gain 3 surges that you can use immediately.

MANEUVER

MINOR TELEKINESIS

Wisps of psychic energy ripple visibly from your brain as you force the target to move using only your mind.

Psionic, Ranged **Maneuver**

🗡 Ranged 10 🕒 Self or one size 1 creature or object

Effect:

You slide the target up to a number of squares equal to your Reason score.

Spend 2+:

The size of the creature or object you can target increases by 1 for every 2 clarity spent.

Spend 3:

You can vertical slide the target.

MANEUVER

INVISIBLE FORCE

You manipulate a tiny object with your mind.

Psionic, Ranged **Maneuver**

🗡 Ranged 10 🕒 1 size 1T unattended object

Effect:

You can grab or manipulate the target object with your mind, moving the object up to a number of squares equal to your Reason, Intuition, or Presence score (your choice). You can use this ability to turn doorknobs, pull levers, and so forth. You can manipulate any small movable piece of a larger object as long as the piece is unattended and size 1T. You can't use this ability to break a smaller piece off a larger object.

HEROIC ABILITY

FLASHBACK

5
COST

The target is thrown several seconds back through time and gets to do it all again.

Chronopathy, Psionic, Ranged **Maneuver**
 🗡️ Ranged 10 🕒 Self or one ally

Effect:

The target uses an ability with a base Heroic Resource cost of 7 or lower that they've previously used this round, without needing to spend the base cost. Augmentations to the ability can be paid for as usual.

Strained:

You take 1d6 damage and are slowed (save ends).

TRIGGERED ACTION

REPULSIVE WARD

You surround yourself with an invisible ward of telekinetic energy.

🗡️ Self **Free Triggered Action** 🕒 Self

Trigger: An adjacent creature deals damage to you.

Effect:

You can push your attacker up to a number of squares equal to your Reason score.

TRIGGERED ACTION

EASE THEIR FALL

Free Triggered Action

🗡️ Self 🕒 Self

Trigger: You land after a fall, or any falling creature lands within 2 squares of you.

Effect:

You reduce the falling damage by an amount equal to 2 + your Reason score.

TRIGGERED ACTION

REPEL

They aren't going anywhere, but you might!

Psionic, Ranged **Triggered Action**
 🗡️ Ranged 10 🕒 Self or one ally

Trigger: The target takes damage or is force moved.

Effect:

The target takes half the triggering damage, or the distance of the triggering forced movement is reduced by a number of squares equal to your Reason score. If the target took damage and was force moved, you choose the effect. If the forced movement is reduced to 0 squares, the target can push the source of the forced movement a number of squares equal to your Reason score.

OTHER FEATURES & REFERENCE

TALENT• **Heroic Resource: Clarity**

You can spend clarity you don't have, pushing that Heroic Resource into negative numbers to a maximum negative value equal to 1 + your Reason score. At the end of each of your turns, you take 1 damage for each negative point of clarity. Whenever you have clarity below 0, you are strained. Some psionic abilities have additional effects if you are already strained or become strained when you use them. Strained effects can still impact you even after you are no longer strained. Whenever you use an ability with a strain effect outside of combat, you can take 1d6 damage and incur the effect if you don't incur it for other reasons.

NOTES

SHIFTING

Shifting is a careful form of movement that allows a creature to move safely past dangerous foes. Certain abilities, features, and other rules allow you to shift a specific number of squares, sometimes up to your speed. Whenever you shift, creatures can't make opportunity attacks against you triggered by that movement.

You can't shift into or while within difficult terrain or damaging terrain. If a rule allows you to shift, you can choose to instead move up to the number of squares you would have shifted (for example, to get out of difficult terrain). However, you can't combine moving and shifting within that movement.

TIT

Hidden Justice
"I'll be seeing you."

Prerequisite: You have been raised from the dead by Duchess Lenore.

Effect: The first time each game session that you hide from or sneak by an NPC, you gain a hero token. When you make a test to hide or sneak, you gain an extra edge on the roll.
